

Request for Proposals (RFP): Janssen Biotech, Inc.

Funding is available to support innovative and interactive nationwide certified medical education (CME) educational programs that is designed to inform healthcare providers about current and emerging treatment options for patients with multiple myeloma.

Grant Application Deadline: October 10, 2021

Therapeutic Area: Multiple Myeloma

Treatment Focus: Overall the learning objectives will focus on education on treatment and management of patients with multiple myeloma. This will include:

- Discussion of the treatment guidelines
- Discussion of emerging standard of care for frontline therapy
- Choosing treatment endpoints (CR, MRD, etc.) and deciding upon duration of therapy
- Optimal combination regimens (triplets, quadruplets) in earlier lines of therapy
- Sequencing therapies in multiple myeloma
- Advances in treatment administration (e.g., subcutaneous, rapid IV infusion)

Delivery Format: Interactive: case-based, workshops, grand rounds, dinner meetings, regional meetings, small group discussion, ask the expert, etc. with an enduring component (i.e., whitepaper, audio, webcast, etc.)

Target Audience: **Academic Oncologists**, Community Oncologists, Allied Health Professionals, and Advanced Practice Providers

Timelines: Program Start Date: Q1 2022

Funding Requirements: Multi-support programs

Eligibility

Criteria: CME/CE applicants must fall into one of the following categories with a bona fide interest in hematology/oncology or other specialties:
Academic institutions (medicine, pharmacy or nursing)
Teaching hospitals
Medical societies
Professional associations
Government agencies
Medical education companies (accredited)

Submission Link: Submissions to Janssen Oncology can be completed online at: <https://www.janssen.com/us/grants-and-giving/educational-grants/oncology>

Special Note: Please indicate that the proposal is in response to **RFP-MM-10** in the title. Due to the ongoing COVID-19 pandemic, it is encouraged that proposals include contingency plans for virtual delivery. Program may include both live and virtual programs.
